Featuring the strong backfield trio of Billy Davis, Ammons and Amonett, Haskell's Indians come to Hamlin to engage the Pied Pipers tonight in the first home appearance of the local eleven.

Haskell is fresh from a sound 20-0 whipping they handed Spur last Friday night at Haskell and the Pied Pipers are faced with a large task in handling the ram-paging Indians.

Despite the cheering news of the return of Billy Sutherland to full time duty and the appearance of Don Gregory in the line-up, Hamlin was handed another blow this week when Jerry Carr turned up with a cracked bone in his shoulder. This will keep Carr out of action for at least ten days and throws the burden of his right guard position on the large shoulders of "Jigger" Rowland.

Asa Goodgame is nursing sore back muscles which resulted from some rough play in the Stamford game and he has not been able to participate fully in the practice sessions of the week.

In workouts held during the week, coaches have been polishing downfield blocking and Don Rowland has intensified his drills at quarterback. Rowland learned a great deal in the Stamford game as he unfurled his first effort as a man-under and his play in practice indicates that he has made a vast improvement in his all-around play.

Spirit of the squad is undaunted by the Stamford defeat and they will take the field tonight against Haskell with a renewed determination to hit the victory trail.

Coaches Jesse Burditt and Vernon Townsend, although lamenting the fact that the injury jinx appears to have overtaken them, are optimistic about the prospects of their charges and assure the fans that first class football is going to be put on display by the Hamlin eleven.

Busby-Bost Meeting Begins Sunday At Church of Christ Gospel Revival

Falling Pole Fatally Injures Roby Lad

Gerald Wayne Jarnagin, 18, a June graduate of Roby high school, died in Snyder Wednesday afternoon as the result of an accident while unloading power line poles in a Snyder railroad yard.

Jarnagin was a grandson of Mr. and Mrs. T. L. Scarborough of Hamlin.

He died about 1:15 p. m. Wednesday in the Snyder General Hospital. The accident occurred about 11:15 a. m. at the distribution warehouse of the Texas Electric Service Co. at Snyder.

Jarnagin was employed by the Taylor Electric Co. of Big Spring and was helping to unload the poles from a flatcar of the Roscoe, Snyder and Pacific Railroad. The poles were being lifted out with a crane, and the end of one pole struck Jarnagin in the back.

Jarnagin said the blow had only knocked the breath out of him, and at the hospital he walked inside with the aid of two fellow workers.

Young Jarnagin was born on April 22, 1932, at Neinda. His family moved to a farm two and a half miles west of Roby in 1933. He had been a member of the Roby Baptist Church since he was 12 years old and was a high school football player.

Funeral services were under the direction of McCombs Funeral Service of Rotan with burial in Roby.

Pallbearers were Leonard Kinsey, Vernon Allen, Jimmy Foreman, Quincy Sutton, Buddy Hicks, Gene Neves, G. Mac Davis, and Loren Moore.

Survivors are the parents, Mr. and Mrs. Melville Jarnagin, of Route 2, Roby; a brother, Jimmy; two sisters, Mary Lou and Velva Jane and the maternal grandparents of Hamlin as well as the paternal grandmother, Mrs. Lona M. Jarnagin of Roby.

County Vets Receive Claims Over Million

Jones County war veterans, according to Landon V. Davis, have received \$1,873,213.32 from compensation and pension claims filed from December 1, 1947 to August 1, 1950.

Average per month for the same period is \$58,537.90 for the total of 328 claims that have been approved during the period.

Davis, service officer for the county, acts as counselor and advisor and aids in admittance to a VA hospital, when necessary.

Lions Discuss Club Activities at Lunch

In a meeting largely devoted to the disposition of outstanding business, the Hamlin Lions Club heard President Jim H. King recite some of the plans of the club for the remainder of the fiscal year.

In cooperation with general program chairman Ambrose Spencer, King appointed program committees for the remainder of the year and assured the club that some outstanding entertainment would be provided by these committees.

Steps were taken to acquaint the club with details of the project to establish a camp for crippled children of the state at Kerrville. A fund raising campaign is now being arranged to endow the Kerrville camp with the required money to obtain federal aid in its construction.

Coach Jesse Burditt reported on the condition of the Hamlin Pied Piper football team and arrangements for ticket sales for home games were announced by L. R. Hutchingson.

Stan Carmichael did not tell his fish story.

Miss "Bill" Young, longtime resident of the Swedonia community, is in the Stamford hospital for treatment.

Horace W. Busby, noted evangelist from Fort Worth, will begin a Gospel Meeting at the Hamlin Church of Christ this Sunday to continue through Sunday, September 24. Elvin Bost of Abilene is to direct the singing for all services. He is well known for his song direction and instruction of choral groups and singing schools.

Services will be conducted daily at 3:00 p. m. and 7:30 p. m.

"We feel extremely fortunate," stated Lee E. Rawlings, minister of the local Church of Christ,

HORACE W. BUSBY

"in bringing to Hamlin these two men for this meeting."

Mr. Busby is one of America's outstanding evangelists and an eminent author, lecturer and scholar. Overflow crowds have heard him throughout the nation and his influence for Christ has been felt by thousands. More than 18,000 have been baptized under his preaching and many congregations established. During the many years of his evangelistic work he has never held

less than 25 meeting annually and at times has held as many as 28 per year. He has held over 100 meetings in his home town of Fort Worth.

The Hamlin Church of Christ extends to the residents an opportunity to hear this great preacher. Mr. Rawlings said, "We urge you to take advantage of this opportunity and to attend the meeting from the beginning, throughout the eight days."

Safeway Stores To Remodel Premises

Close of business Saturday night found the Safeway stores swinging over immediately into the work of remodeling their store completely.

Shelving was stripped from the walls and an industrious cleaning ensued that prepared the interior for painting. A new coat of white paint on the ceiling of the large building has brightened the interior.

New fixtures have begun to arrive and indications are that the display of merchandise will be modernized in every department.

Manager Clyde Alexander was unable to set a definite date for the reopening of the Hamlin store.

ED S. STEWART, above prominent Abilene business man, has been appointed Texas State Chairman for the 1951 March of Dimes. It was disclosed Thursday by Basil O'Connor, president of the National Foundation of Infantile Paralysis. This mark's Stewart's third year as head of the National Foundation's fund-raising appeal in Texas.

Texas Sportsmen
Aid Dove Survey

Conservation conscious Texas sportsmen will be given an opportunity this fall to help compile vital information during the whitewing dove season, according to a report to The Herald from the Executive Secretary of the Game, Fish & Oyster Commission.

This cooperative project will center around reports by hunters, through facilities on the scene, of the annual shoot September 15, 17 and 19, from 4:00 p. m. to sunset.

P. B. Uzzell, wildlife biologist specializing on whitewings, will be in charge of the detail in the Rio Grande Valley hunting region.

He will place distinctive data boxes, shaped like bird houses, and briefing signs along entrance and departure routes of the area to be hunted. The signs will provide the preliminary guide. Paper sacks inside the boxes will contain final instructions as to how the sportsmen may cooperate.

Each sack will be designed for the occupants of one car. One of the party will be expected to fill out the enclosed blank showing the number of hunters in each party and the number of whitewings killed, the number of mourning doves taken and the number of whitewings wounded or killed and not recovered. One leg from each whitewing should be placed in the sack since the age of the birds are determined from studies of the legs.

The data thus obtained will be blended into the number of cars on the hunting grounds as determined by an aerial census. The ultimate results for the wildlife biologist will be a fairly accurate picture of the whitewing population as well as the trends and consequent knowledge which will be used to avoid a recurrence of the near extermination of this popular game bird.

Here's the Answer

FIRST AID ON THE FRONT—While clouds of smoke billowed from this heavily-bombed South Korean village, an Army medic ministered to this machine gunner, wounded in the arm. When the medic first reported to the battlefield, they were unarmed. They began carrying pistols, however, when they became the favorite targets of the ruthless North Koreans.

Veterans' News

QUESTIONS and ANSWERS

Q—My doctor told me that I should have my tonsils removed, but I can't afford it. As a World War II veteran, can I have this operation performed at a VA hospital, even though my condition is not service-connected?

A—Yes, if VA doctors deem surgery is necessary and if you sign a certificate stating you are not able to pay for the operation. But you will have to wait for a bed to become available, for in VA hospitals first priority goes to emergen-

cy cases; second, to those with service-connected illnesses and disabilities, and third, to those with non-service-connected ailments.

Q—I am a retired regular Army officer drawing career compensation retirement from the Army. Is it possible to get disability compensation from VA at the same time?

A—Yes. When you apply to VA, you will be required to state the amount of your retirement pay. After your case is adjudicated, VA will notify the Army of the amount of compensation granted. The Army, then, will deduct an equivalent amount from your retirement pay.

Q—I enlisted in the Navy recently, but I am afraid I won't be able to keep up premium

payments on my commercial life insurance policy. Can anything be done about it?

A—Under the Soldiers' and Sailors' Civil Relief Act, you may apply to VA for protection of your insurance. If your application is approved, VA will guarantee your premiums until you get out of service. But after your discharge, you must repay the indebtedness.

Q—My brother, a World War II veteran, is in a mental hospital. May I pay his National Service Life Insurance premiums for him?

A—Yes. Be sure you identify the payments properly.

Q—Would an American serviceman, paralyzed from the waist down because of action in Korea, be entitled to the special VA benefits of an automobile and a grant for buying or building a home designed for "wheel chair living?"

A—He could not get the car, for the law limits motor vehicles at Government expense to the World War II veterans only. But he might be eligible for the housing grant, if he meets the other requirements of the law authorizing special housing.

Tenth Anniversary of Hamlin Garden Club Celebrated With Introduction of Past Officers

Presiding at the tea table was Mrs. Earnest Jenkins, assisted by Mrs. A. G. Irwin, Joe Culbertson, E. J. Hawkins and W. C. Russell.

Dining table was laid with an embroidered cut work cloth and was centered with cerise dahlias in a brass fountain.

Roses and dahlias were used in the living room and were grown by club members.

Wool Casuals Take on Festive Air

Light and dark gray are combined to make this two-tone casual in Jullard sheer wool.

Imaginative Color Combinations, Slim Silhouettes Are Highlights

THE wool casual, often the backbone of a wardrobe, is not necessarily simple this fall. It may have a catchy yoke treatment, a peplum, capelet, side-drape or surplice front. The silhouette is always slim and imagination is often evidenced in the combination of two colors, or in two shades of one color.

A hug-me-tight casual in wool boucle, designed by Margaret Newman, comes in purple with a yoke of winter white. Interesting detail is seen in the large hip pockets which almost surround the slim-in-front and gored-in-back skirt. The elbow length sleeves end in cavalier cuffs.

Another casual by this same designer is available in Jullard sheer wool. Subtle tones of light and dark gray are combined to make a slim dress with a surplice front caught by antiqued gold buttons. Sleeves are cut slightly dolman but are slim and tight at the wrists.

A yoke of winter white emphasizes the detail of this hug-me-tight casual in wool boucle.

GOOD HEALTH

Answer to Question No. 1:
1. The appendicitis death rate
has been dropping at an aston-
ishing rate. Metropolitan Life In-
surance figures show that where-
as 10.2 persons per 100,000 died
of appendicitis in 1939, the rate
was 2.2 in 1949. New drugs to
control infection, and improved
surgical techniques are largely
responsible but early recogni-
tion and early operation are im-
portant.

Answer to Question No. 2:
2. Athletes' hearts beat slower
than the average person's under
comparable conditions because
the heart of an athlete has been
developed by exercise to do more
work per beat.

Answer to Question No. 3:
3. The National Tuberculosis
Association estimates that there
are 250,000 undiscovered cases
of tuberculosis in this country.
Every person in every commu-
nity should have a chest X-ray
picture. This is nearly 100 per
cent reliable. In almost every
community this can be done
without charge. The tuberculosis
death rate has been reduced 80
per cent in 40 years.

Membership March Starts Today In Seventy

Five Day Drive By Hamlin Campfire Girls
Hamlin's Camp Fire Girls to-
day (Friday) began a two and
one-half month Membership
March, during which they hope
to enroll as Blue Birds, Camp
Fire members or Horizon Club-
bers every girl between the ages
of seven and 18, not already af-
filiated with a youth agency.
Adult men and women are wel-
come too as sponsors and leaders.
Theme of the March will be
"Be Friendly—Make Friends—
Join the Camp Fire Girls." The
drive will continue through No-
vember 30.

The girls plan to concentrate
their Fall activities toward the
making of Hamlin more safe-
sane than ever, and as a sec-
ondary slogan for the March, they
say: "Camp Fire for a happy
life—safety for a long one."
Major portion of the interest
in safety will be directed to safe-
ty on wheels according to Kath-
leen Crawford, executive direc-

tor. "Learning the proper care of
bicycles and how to prevent ac-
cidents will take priority with
most of our groups," she said.
"There are many bicycles in
Hamlin, consequently you can
see how important it is that all
bicycle owners be properly ac-
quainted with safety rules and
precautions," she concluded.
Horizon Clubs, senior high
school groups of Camp Fire
Girls, will concentrate on auto-
mobile safety as drivers and ri-
ders. Safety in the home and
outdoors as campers and hikers
will be studied by all members
of the organization.

BOOK SHOP NEWS - -

To begin with, we attended the Allied Gift Show at Dallas last week and had the pleasure of seeing all of the new and lovely things that are being offered to the gift trade. We had our patrons in mind when we selected new items for THE BOOK SHOP.

Mrs. Lena Linsky, originally from Poland, but now of New York, was an appreciative visitor last week. She is visiting her son and family, the John Linskys. She wanted souvenirs from Texas and particularly from Hamlin. It was such a pleasure to show her the many interesting items that we have.

Mrs. R. E. Kidd of Sylvester brought her daughter, Mrs. Pete Head of Teague, in to visit and browse at THE BOOK SHOP. Mrs. Kidd bought "The Robe" because she has been wanting to read it for years. (This is one of the popular rental and sale books even though it was written in 1942.)

We have unpacked our Christmas cards and have them arranged so that we can show them and take orders for monogramming.

Mrs. Annie Gast of Dallas made her annual visit at THE BOOK SHOP and selected gifts and souvenirs for her friends and family. Mrs. Gast is an aunt of Mrs. Ray Johnson (Neely Mae) and we look forward to her visit to Hamlin.

"Little Lady" and "Young Lad" cosmetics by Helene Pessl is an ideal gift for this age group and is very popular with those who KNOW the line. Do ask about it if you need a conservative priced gift for the "Small Fry."

Aspermont furnished a host of visitors and shoppers this week among them were: Mrs. E. J. Allison, Mrs. Carl Duncan, Mrs. Tom Hill, Mrs. Jack Mullis, Mrs. Jack Robbins, Mrs. W. A. George and Mrs. Mamie Dansby.

Rev. James R. Boswell, pastor of the Methodist Church at Sylvester and Rev. James E. Wayne, pastor of the Methodist Church at McCaulley, were here this week browsing and shopping for books. Rev. Boswell is a regular book patron and selected "Modern Parables" by Fulton Oursler.
